

Palau Public Utilities Corporation PUBLIC ADVISORY

Metering Program

The public is advised that the PPUC Metering Program is still on-going. PPUC Water Operators are currently installing meters to customers who were pre-existing customers transferred to PPUC. All PPUC customers who are currently receiving water services whose meters have not been installed, are encouraged to visit the PPUC Main Office and apply for a new service connection and pay the connection fee of \$15 for residential homes or \$30 for commercial and government buildings.

Customers who do not apply to the program but still receive water service will be fined a minimum of \$100 or a maximum of \$1,000 per day until all outstanding balances have been paid.

PPUC would like to thank the public for their continued understanding and cooperation.

Please contact PPUC Customer Service during working hours should there be any questions regarding this advisory at 488-3870/3872. All other concerns after working hours should be directed to the PPUC hotline at 488-2445.

Thank you.
